

Dear Julie -

12/2018

How do I begin to thank the person so instrumental in my mom's health, safety, and emotional well being - let me start by saying that you've exceeded my expectations on all levels.

Your knowledge, intuition, and experience collide to create the safest, happiest experience my mom and I could hope for. - Your staff is amazing - kind, caring, and attentive. The house is always full of laughter, music, and yummy aromas from the kitchen.

Knowing that my mom is cared for in such a faithful manner has brought me immense peace of mind. More importantly, it has allowed me to be just Margie's daughter again.

Thank you for creating the perfect home for my mom and for guiding me through her senior years. I don't know how I'd get through it without you -

You put so much thoughtfulness in everything you do.

Just can't thank you enough!

Merry Christmas

With gratitude
Margie & Maryjane
